<b>3</b>	<b>References</b>	<b>3</b>
<b>4</b>	<b>This section is included from another file</b>	<b>3</b>

Figure 1: Cat number one.

## 1 First section

This is the first section. This section contains stuff like

- Items
- and more
- items

You could also

1. Enumerate
2. Them

or make descriptions:

**This:** is a description

**Where:** things are described

## 2 Figures

This section includes some figures and tables. Note that a `\FloatBarrier` draws a line in the sand and keeps the figure from floating passed it.

Figure 2: Cat number 2

Figure 3: Imported from graphics/illustrations.pdf using simple macro

### 3 References

This is a section that references to the others. For instance one can see Figure 1 on the preceding page - or we can reference to a section number 2 like that. You can also reference an Equation (1) or Table 1

### 4 This section is included from another file

In this section we present a short table of greek letters. And a bit of math:

$$x = \frac{-b \pm \sqrt{d}}{2a} \quad (1)$$

Or math that doesn't need referencing:

$$a^2 + b^2 = c^2$$
